SD channels close[edit]

L'arrêt des chaînes en définition standard se fait de manière progressive sur le bouquet, afin de privilégier une diffusion en haute définition et donc de libérer de la place sur le satellite.

Le 30 avril 2014, Canalsat annonce le passage au tout MPEG-4 et l'arrêt des chaînes en définition standard d'ici juin 2015<ref>http://communaute-espaceclient.canal-plus.com/questions/684838-evolution-reseau-satellite-bientot-totalite-chaines-hd</ref>. Cela ne concerne que les abonnés par satellite.

List of channels on UPC Netherlands

This is a **list** of the channels available on **UPC Nederland** till 1 April 2015. From then on the brand UPC disappeared in the Netherlands and did merge into **Ziggo**, acquired by Liberty Global at the end of 2014. For the list of channels on Ziggo, see Ziggo Channel List.

UPC used the Nagravision conditional access system.
